European Flute Council - Connecting Europe

Founded in 2015, the EFC promotes strategic projects across Europe through collaboration amongst flute associations.

Join the EFC!

Become part of a growing European network of more than 20 flute associations and festivals — a non-profit organisation dedicated to exchange, collaboration, and the development of the flute repertoire.

Our online platform is designed for you to:

- Publish your events in our calendar
- Share your educational projects and receive feedback for potential collaborations
- Promote your publications
- Feature your multimedia content (videos, audio)

Why join?

Gain visibility, connect with fellow flutists and associations, and contribute to the development of flute music across Europe.

Together, we connect flutists, associations, and festivals, supporting educators and fostering innovation and artistic excellence.
